Vesta® Water Conditioners

HARDNESS, CHLORINE, TASTES & ODORS

Clean Water Solutions. For Your Home. For Your Family.

Your family deserves high quality water. It's essential to our health, good for your home and pets and can save you money. Your professional Vesta water conditioning dealer is trained and dedicated to providing the best solution to the most common water problems.

VESTA DUAL MEDIA WATER CONDITIONERS

Each Vesta Water Conditioner is designed to specifically address the water quality issues that are unique to your home providing your family with outstanding water. The very best components, features and state-of-the-art design go into every system providing you with years of high quality, conditioned water.

Dual media conditioners are designed to treat chlorine, hardness and iron laden water. The Mid-Vortech™ tank maximizes the media efficiency with two separate media chambers in one tank.

The cut-a-way shows what lies beneath the tank jacket. Each chamber of the black mineral tank features a separate media to treat specific treatment needs.

TOP MEDIA BED

- Activated Carbon filter media reduces chlorine levels while removing unpleasant tastes and odors. Chlorine removal may also extend the life of the softening resin
- Your VESTA water treatment professional may use an alternative filter media to treat your specific water quality issues

BOTTOM MEDIA BED

- High quality, chlorine resistant media bed for years of continuous service
- Uniform bead size and distribution for optimum flow rates

HIGH QUALITY BRINE TANK

- High quality, durable construction
- Safety float system helps prevent overflow of the brine tank
- Constructed of corrosion-free materials
- Larger brine tank sizes available in black

VESTA PROFESSIONAL SERIES CONTROL VALVE

- Visual Low Salt Alarm alerts when it's time to add salt to the system
- Water use is monitored for peak efficiency
- Built in backup of settings during power outages
- Regenerates only when necessary saving salt and water
- Simple diagnostics and design provide for easy maintenance
- Treated water regenerant refill yields high quality recharge of bed

MID-PLATE™ STYLE DISTRIBUTION TANK

- Delivers evenly distributed and high quality flows
- Large surface area of plate yields lower pressure drop over time
- Up to 30% less water is required for backwash flow rate...conserving water
- High flow design maximizes today's high efficiency valve technology
- Dual media chambers keep media separate for more contact time and efficiency
- Most efficient softening regeneration, reducing salt consumption
- Systems larger than 10" do not include tank jackets

WATER SOLUTIONS

Beyond Soft Water...

FILTRATION SOLUTIONS

Iron, tastes and odors, hydrogen sulfide (sulfur) and acid water conditions all contribute to water quality problems. Vesta brand filtration solutions are designed to eliminate stains from your sinks and tubs, remove unwanted tastes and odors delivering high quality water. Working with your Vesta professional water treatment dealer, your new Vesta system will fit your exact needs and provide you with years of quality, conditioned water.

DRINKING WATER SOLUTIONS

Your Vesta water treatment professional offers a complete line of drinking water equipment designed to protect your family from a wide variety of contaminants. Vesta Reverse Osmosis drinking water solutions eliminate the need for bulky water bottles delivering high quality, healthy drinking water to faucets, ice makers and refrigerator dispensers.

FROM OUR FAMILY TO YOURS...

Each Vesta Water Conditioner is designed and manufactured by Nelsen Corporation. For more than 60 years, our family owned company has been providing outstanding water treatment solutions. Your Vesta dealer is part of a select group of professionals who are trained and authorized to sell and service the Vesta solutions. From homes to schools, hospitals, restaurants and hotels, the innovative and state-of-the-art design of the Vesta line provides years of trouble-free service.
